With reference to your letter (16), we would like to inform you that we accept any halal certificate bodies that are accredited by Gulf Accreditation Center or any Accreditation bodies at GCC. There for we inform that your request is approved.

However, for meat and poultry products, an import permit must first be obtained from the General Directorate of Animal Wealth.

In the near future, establishments and companies exporting meat and poultry or containing meat derivatives must submit Halal certificates issued by specific centers accredited by the Sultanate of Oman. In this regard, notification will be issued and you will be informed.

best regards.
